

28 September 1981

Mike,

As promised during our phonecon today, here is the reminder to have Dave prepare a letter to Mr. Lyle at the Marshall Foundation, re our visit there.

We are putting in for orders to leave here on Tuesday, 27 October, for at least two days.

We don't know yet how we will be routed, whether by commuter airline (if there is service to Lexington), by commercial bus or by rental auto. With three of us going, hopefully they will approve the latter.

If that is the case, we would arrive around noon or thereabouts, and spend the afternoon at the Center, stay in a local motel and go back for the morning on Wednesday. After seeing how much work is to be done and how much of it we have finished, we will decide whether to return on Wednesday afternoon or evening, or stay another day (or two).

Resp'y yrs
